Monday morning, September 1st, we opened our doors for business. Our new stock is not all here, in fact, the greater part of it is yet to arrive, but we have received enough in Novelty Dress Goods. Black Goods, Plain Suitings, Linens, White Goods, Cloaks, Jackets, Lace Curtains, etc., to interest all who have a leisure hour or so to spend in looking at choice new goods. A great deal of labor and time is necessary for the purchase of an entire new stock of the magnitude of ours. Established houses, who simply go east to "brighten up" their last winter's stock so it will look fresh for the coming season, can go and get back quick, but when it comes to the proper selection of a complete stock of goods adapted to the requirements of everybody, time is necessary, so we kindly ask the many who are awaiting to see our new stock to bear with us patiently for a few more days, assuring them that they will be amply repaid for so doing. We expect about a car load of new goods every day this week, which we will mark and place immediately in stock. It may be well for you to drop in occasionally and get a first look at the many novelties as they arrive. Announcement will be made of our GRAND OPEN-ING, later.
